Giant Map Worksheet 1: Country Questions

Make sure to include as many details as possible on this. This will help you for the second part of your project and grade.

1. What is your country's name?

    What is the absolute location? (Longitude and Latitude of Capital)

    What is the relative location within Europe?

2. What are your country's physical features?

3. What is the predominant culture in your country?

    Is there more than one culture?

    What are the other cultures and how do they influence the people that live there?

        Ex. languages spoken

        Ethnic heritage

        Social systems

        Traditions

4. Where do the majority of the people live?

5. Why do they live here?

6. Are people leaving one area of the country to go to another area?
Why are they moving? (Provide details)

7. When people move to a new area of the country, how does their culture impact the culture that is already in that area?

8. What form of government is in your country?

9. What are the country's immigration policies?
You need to be specific and provide details. This will help you for the second part of your project.

10. Would people from other countries want to migrate here?
Why do they want to move to this country?
