Rwanda: Shared Blame

Genocide doesn't happen just because different ethnic groups live in the same country. Lots of other things have to be going on to make genocide possible.

Each group listed below has been blamed for having at least some fault in the genocide.

INSTRUCTIONS: As you read, use these codes to mark evidence that could be used against the different groups. Write the codes in the margin next to the evidence.

B = the Belgians colonizers from Europe

HL = the Hutu leaders

T = the Tutsis

M = the Rwanda media (radio, magazines, etc.)

H = regular Hutus

UN = the United Nations and other powerful countries

INSTRUCTIONS: Don't worry about this bottom section right now. It will be used later.
